

# Healthcare

## Conversation starters

### Purpose

These conversation starters can be used as prompts for learners to practise starting a conversation.

### Instructions

This resource can be used with [Healthcare: Getting to know your clients better](#), which describes a detailed teaching and learning sequence in the context of getting to know clients better at work.

## Conversation Starters

Tell me about your circle of friends at some point in your life.

Tell me about your first date.

Tell me a story from your childhood.

Tell me about your first job.

Tell me about a teacher you remember at school.

Tell me about a place that is special to you.

Tell me about a trip you've made.

Tell me about something difficult you have done in your life and how you were successful.

Tell me about your first car.

Tell me about when you fell in love for the first time.
