Using headings as question prompts - template

Purpose

The purpose of this resource is to support learners in using headings as question prompts. This practice is a useful method of enhancing learners' ability to comprehend and recall written information. Secondly, the form can be used when introducing learners to a new body of knowledge. It is designed to be used with a course workbook.

Instructions

Hand a template to each learner and have learners write the heading in the heading column.

1. Learners rewrite the heading as a question
2. Learners then read the paragraph/s
3. Learners then answer the question in writing
4. Learners discuss and compare their answer with other learners.

Headings as questions

Heading	Heading as question	Answer
