

I can work out  $23 + 9$  and  $52 - 7$  without counting on my fingers.

I know  $8 \times 6 = 48$   
and  $40 \div 5 = 8$ .

I know  $\frac{3}{4}$  is greater than  $\frac{1}{4}$ .

I know that  $990 + 10 = 1000$  and  $990 - 100 = 890$

I know that 763 has 7 hundreds, 6 tens and 3 ones.
