

Māori Cultural Capability Pathway

Help your Māori learners achieve greater success by building your knowledge, confidence and cultural capability for Te ao Māori (the Māori world).

We are proud to launch a set of online Māori cultural capability pathway modules.

A kono is a small gift basket; in this context, it is also a Māori professional learning and development offering. This kono contains a resource called the Māori Cultural Capability Pathway, situated on the Pathways Awarua website at pathwaysawarua.com.

The **Māori Cultural Capability Pathway** offers a great springboard to gaining the cultural knowledge that can make all the difference for how you relate to and support your Māori learners.

Four interactive modules are included in this cultural pathway:

- Ako/Learning-teaching
- Manaakitanga/Consideration for other people
- Rangatiratanga/Control one's own decisions
- Whanaungatanga/Relationships

This is the first of the resources to be added to this PLD Kono from Ako Aotearoa.

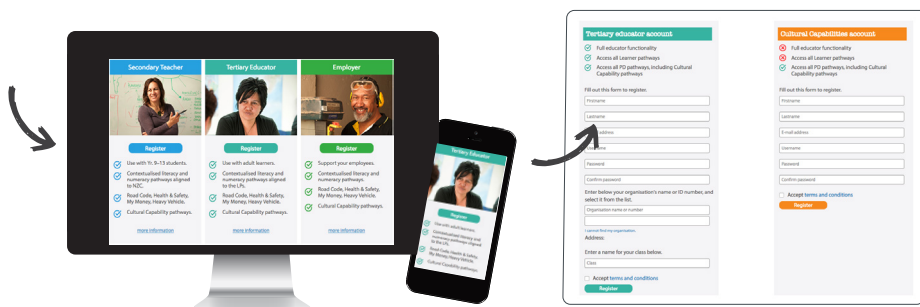

Access the pathway via any internet-capable or mobile device. It offers content that is relevant and applicable to current educator practice.

Turn over the page for instructions on how to access the pathways.
