# Māori Cultural Capability Pathway

Help your Māori learners achieve greater success by building your knowledge, confidence and cultural capability about te ao Māori (the Māori world).

The Māori Cultural Capability resource is situated on the Pathways Awarua website at **pathwaysawarua.com**

The Māori Cultural Capabilities Pathway (MCCP) is an online resource targeted at tertiary practitioners and educators. The MCCP focuses on the Māori values of Ako, Manaakitanga, Rangatiratanga and Whanaungatanga. These values are presented as 14 small managable modules.

Each interactive module in this enhanced resource includes:

» **Insights into Māori philosophies, values and practices to inform and improve practice in the classroom**

» **Engaging and interactive activities (written, audio and visual) to stimulate reflection and application in your practice.**
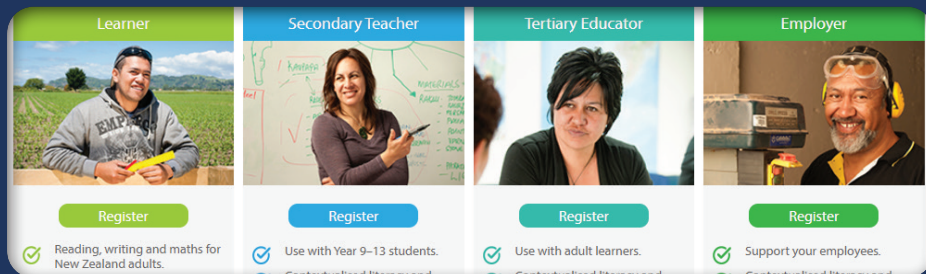

The resource can also be used as follows:

» **For writing a reflective commentary based on the values and practice**

» **In conjunction with facilitated workshops and awarding of digital badges that record successful participation and engagement.**
